## **SA Core Values of Educators and Learners**

At Success Academy, educators start with the deep-seated conviction that every part of schooling must be taken seriously. Our Core Values are formed and executed towards the goal of unleashing each child's greatest human potential.

## Excellence Be the best

We relentlessly pursue excellence. We believe in continuously increasing our standard and striving to achieve it.

#### **Autonomy** Learn how to learn

We equip ourselves and those around us to become autonomous learners who can achieve at the highest levels. We believe a successful education results in the intellectual ability and emotional determination to thrive in and beyond the classroom.

## Purpose

#### Know your intention

We choreograph the learning process and execute it with clear intentions. We believe every single choice must be made to achieve a goal in service of our values.

## **Environment**

#### Protect the rights of all to learn

We act on every facet of the educational environment to facilitate learning at the highest level. We believe learners are individuals who deserve a space where all have an equal opportunity to learn and grow.

#### **Outcomes**

#### Take stock and make change

We seek qualitative and quantitative data to assess and improve the quality of teaching and learning. We believe you must take the time to analyze outcomes and reflect on the cause in order to make change.

## **Thinking**Thinking is the goal

We equate learning and thinking. We believe educators and learners must embrace the courage and perseverance needed for strong reasoning and original ideas.

### Curiosity

#### Wonder and explore

We are hungry to learn and love doing it. We believe the best learning happens by asking questions, building knowledge, and seeking answers.
